The Question of Co-Operation with the Northern Baptists Receives its Quietus.

From the Louisville Conrier-Journal.] The Convention met at 9 o'clock, and was opened with prayer by Bro h r Barney Toyler, of Virginia. The hour of devotional exercises was suspended on motion of Rev. Dr. Poindexter, of Virginia.

Dr. Jones thought that the report reproved where it should excuse, and approved in such a way as to amount to a reproof. He made a detailed statement in defense of the Board in the management of its finances. Rev. Dr. Poindexter defended the

report of the committee. He had asked for the committee, as a friend of the Board. He entered into detalls to show that the report of the committee was fair and Just, Dr. Jones retained.

Rev. Dr. Boyce, of South Carolina, explained the relations which the old Board, at Greenville, sustained to the Board at Memphis. He defended the Eastern and Southeastern States from the Imputation that they were un-friendly to the Board at Memphis, and quoted from the report of the Board for this year to show that Ala-tion. barns had given more than any other State, Georgia next, and South Caroliana next the largest sum; that Ten-nessee, where the Board is located, had only contributed \$201 14. tists, respectfully report:

Your committee, with all the light before them on the subject submitted to their consideration, after a careful little to add to the counsel presented in the report of the committee on cooperation with the Sunday School Board, adopted by the Convention on Saturday. The policy recommended for that board is proper for all the boards. All are agreed that the Convention and its boards should be maintained in their integrity. No measures which endanger their existence or diminish their efficiency are to be tolerated. All the energies of Southern Baptists should be directed to their support and the increase of their usefulness. Your committee do not recommend that any measure be adopted in the direction proposed in the preamble and resolution referred to them, beyond those heretofore sanctioned by this Convention; and believing that the further agitation of a subject which has absorbed so much f the valuable time of this body, at its last three sessions, tends only to disturb our own harmony, without promoting fraternal relations with

The ringleaders in this base outrage are the persons who were engaged in a similar attempt to mob a Methodist minister in the same vicinity last year. Many of them had since that event been indicted, and had endeavored to compromise with the prose cutors by payment of \$5000, which compromise was refused. Pais last outrage by the same gang of artisan outlaws occasions no little exstement and indignation in this quarter.
